“Employment Opportunities for Our Wounded Veterans”

Soldier On! is a unique charity placing wounded, former servicemen and women into meaningful civilian employment.

- We are the only charity to specialise in this field.
- We are supported by a network of executive search and recruitment specialists.
- We support individuals from all three services and from all ranks.
- With increased casualties from our Armed Forces, there is, and will continue to be, an urgent need for our services .

However, we need your help.

There is an ever expanding pool of wounded Service personnel who, despite welfare support programmes, potentially risk falling into a downward spiral of unemployment... often leading to depression, alcoholism, drug abuse and crime. This is something that neither the government nor the public will want to see. Soldier On! provides the mechanism to prevent this happening but to achieve our aims we urgently need your support.

Soldier On! will:

- **PREPARE** - *CANDIDATES FOR INTERVIEWS AND ASSIST WITH CV WRITING*
- **PLACE** - *CANDIDATES INTO THE SORT OF ROLE THAT THEY WILL WANT TO STAY IN*
- **SUPPORT** - *BOTH CLIENTS AND CANDIDATES THROUGHOUT THE PROCESS AND POST PLACEMENT*

This will ensure that a process, that can be traumatic enough at the best of times, is accomplished without added physical or psychological stress.

Over time we will apply to trusts and foundations for assistance, but it will take time for this to reach us, and we have an immediate need for your help. We are looking for the means to enable Soldier On! to equip an office and start placing former servicemen and women who, without our support, are already slipping through the net.

If you can help in the form of a donation or interest free loan, if you know of office space or can offer any other help we would be enormously grateful. In addition we are inviting either corporate or individual donors to become Founder Members.

There is an awful lot to do but there is a real need for Soldier On! and we all have much to achieve.

We *"need to give maximum support to those grievously injured in body and mind. In that connection when it comes to re-integration of grievously wounded people into society"*. It is *"organisations such as Soldier On! which are ... determined to find ways in which an employment agency can be created in order to get people who have lost limbs into civilian work so they can live their lives earning and working their own way."* Dr Julian Lewis MP, Hansard 15th October 2009.

If you would like to know more please contact us on +44(0)7884 365054 or email us at nicholas@rnharrison.com and we will get back to you as soon as possible.

Many thanks for your time,

Nicholas Harrison
